Climate Change Mitigation & Adaptation

ADAPTATION VS. MITIGATION

Climate Change Mitigation & Adaptation

N.W.T. fires have released 97 megatonnes of carbon, says European agency – 277 times what its people emit

Territory on track to beat 2014 record for how much land has burned

Liny Lamberink · CBC News · Posted: Aug 28, 2023 2:00 AM MDT | Last Updated: August 28

An aerial view of the wildfire threatening the Yellowknife area from Aug. 17. The intensity of the fire dampened over the weekend thanks to rain, lighter winds and cooler conditions. (N.W.T. Fire)

Thank you
Mahsi
