**Physician Staffing**

I have the following questions with respect to healthcare management for the Minister of Health and Social Services. Please provide the following:

1. How many full-time physicians were hired by the Northwest Territories Health and Social Services Authority (NTHSSA) last fiscal year;
2. How many full-time physicians left their employment with NTHSSA last fiscal year;
3. a breakdown of the reasons why full-time physicians left their employment with NTHSSA last fiscal year, including resignation, term expiration, retirement, termination and any other relevant reason;
4. a breakdown of the full-time physicians who left their employment with NTHSSA last fiscal year by practice and specialty; and
5. a breakdown of locum versus resident full-time physicians who left their employment with NTHSSA last fiscal year.
