Staff Turnover and Vacancy Rates

My questions are for the Minister of Health and Social Services:

1. What have been the annual turnover rates and vacancy rates for physician specialists, including orthopedic surgeons, in the Northwest Territories since January 2023?
2. Please break down the total vacancies by:
 - a) Resignations;
 - b) Retirements; and
 - c) Unknown reason departures;
3. Indicate the average time to recruit replacements; and
4. Indicate the number of positions budgeted against those actually filled annually.
