

30-20(1)

The Honourable Lesa Semmler
Minister of Health and Social Services

Northwest Territories Health and Social Services Authority Action Plans

Mr. Speaker, I have a Return to Written Question asked by the Member for Yellowknife North on February 9, 2026, regarding Northwest Territories Health and Social Services Authority Action Plans.

The Member asked the Minister to provide the Northwest Territories Health and Social Services Authority's 30-, 60-, and 90-day action plans referenced during the December 4, 2025, public briefing to the Standing Committee on Social Development.

The 30-60-90-day action plan that the Public Administrator referenced during the December briefing was specific to the Dehcho Cabin Community Patient Journey Mapping work. Later today at the appropriate time, I will table the 30-60-90-day action plan.

Thank you, Mr. Speaker.
