Senior Envoy

The Government of the Northwest Territories has appointed a Senior Envoy to the Government of Canada to strengthen intergovernmental relations and advance territorial priorities.

My questions are to the Premier:

1. Can the Premier provide a detailed accounting of the work undertaken by the Senior Envoy to the Government of Canada, including specific initiatives, projects, and policy areas the Envoy is leading or supporting since this position was created?
2. Can the Premier provide a detailed listing of who the Senior Envoy has met with in Ottawa and elsewhere since assuming the role, and what primary subjects or topics were discussed during these meetings?
3. Can the Premier clarify how many days per month the Senior Envoy is working in Ottawa versus in the Northwest Territories?
